The above-mentioned notified body with the given identification code, carried out the (EU) prototype testing and issued the EU Prototype testing certificate with the number Z6245/14-7750/15

The PPE is subjected to the conformity assessment procedure according to Module D (conformity with the prototype, in accordance with the quality assurance regulations applied for the manufacturing process) under the supervision of DEKRA EXAM GmbH notified body, identified with the code number 0158.

Information concerning the PPE – Regulation 2016/425

The PPE Regulation (EU) 2016/425 is since March 2016 in force, replacing the EU Regulation 89/686/EWG. Article 47 sets the new regulation transitional period.

1. According to the above, the manufacturer is allowed to put on the market protective equipment complying with the provisions of 89/686 EWG until 20 April 2019. The EG type examination and declaration of conformity remain valid until date, provided that the documents validity does not expire afore

2. In compliance with the European Union Regulation 2016/425 as per Paragraph 47, released on 07.12.2017, the following supplementary regulation apply:

# EU Declaration of conformity

**Manufacturer:**

rofa Bekleidungswerk GmbH & Co. KG  
Fabrikstr. 23  
48465 Schütthorf

**Notified body - Testing institute:**

STFI - Sächsisches Textilforschungsinstitut e.V.- 0516  
Annaberger Str. 240  
09125 Chemnitz

The type certificates issued in compliance with the 89/686 EWG provisions, are valid even after 20 April 2019 once the following conditions apply:

1. The standards are unaltered and/or no essential safety relevant issues called for a standard update/revision
2. The PPE is still state of the art

The above mentioned article is certified according to EN ISO 11612:2008 and EN ISO 11611:2007. The standards are replaced with the 2105 issue

The above mentioned article is certified according to EN ISO 20471:2013. The standard was amended in 2016 in order to specifically define the concept of retro-reflection "abrasion" under stress. This alteration has no influence over the testing outcome.

The design is complying with the requirements of EN ISO 11611 and 11612, issue 2015.

Das Gewebe ist gem. EN ISO 11611:2015 und EN ISO 11612:2015 mit dem Zertifikat V0203/18-0257/19 geprüft.

Der o. g. Artikel ist gemäß IEC 61482-2:2009 zertifiziert. Diese Norm wurde durch die Ausgabe 2018 ersetzt. Das Prüfverfahren wurde nicht geändert. Die neu in der Norm aufgenommenen Prüfungen von Hitzeschrumpf und Durchgangswiderstand, wurden bereits im Zusammenhang mit der kompletten Zertifizierung durchgeführt.

The above-mentioned article is certified according to EN 1149-5:2008. This standard has been replaced with issue 2018. Nonetheless, apart from formal terminology revisions, the testing procedures remained unaltered.

The above mentioned article complies with the transitional period requirements, therefore it can be furtheron marketed
